##### Texas for Bundy

(By the Associated Negro Press.)

Dallas, Tex., July 8.—For the past week, Dallas has had in her midst W. C. Hueston, of Kansas City, Mo., who is one of the attorneys engaged in the defense of Dr. Leroy Bundy, who was convicted of murder in connection with the East St. Louis riot at Waterloo, Ill., in March of this year.

Mr. Hueston delivered a number of addresses while in this city on a wide variety of subjects and proved himself a versatile speaker, but his address on the "Incidents of the Bundy Trial," delivered by him at the New Pythian Temple, under the auspices of the Inter-Denominational Ministerial Alliance, last night, was one of the most gripping and thrilling ever heard in this city.

Dallas is thoroughly aroused over the injustice done Doctor Bundy and has formed an association to assist him.

Dr. A. H. Dyson, a dentist, is president, supported by Dr. R. T. Hamilton, a physician and Dr. I. M. Horton, an optometrist. The effort is taking shape. The ministers of the city led by Rev. C. W. Abington, Rev. A. S. Jackson and Rev. E. Arlington Wildon will complete the organization next week.

After hearing Lawyer Hueston, Dallas has joined the determination growing wide-spread in the Nation to see justice done Dr. Bundy.

PROF. R. T. COLES.

Secretary of Foreign Correspondence and Past Grand Master of the A. F. & A. M. of the Jurisdiction of Missouri who is writing a series of short spicy articles that every Mason in the Jurisdiction should read.

#### MASONIC NOTES.

By R. T. Coles, Chairman of Committee on Foreign Correspondence, Missouri Jurisdiction.

Every past master in Kansas City ought to attend the Grand Lodge session at Sedalia August 20. This is a year of world reconstruction and the Grand Lodge of Missouri must be alive to her duty. We need a large delegation to help legislate, as many questions vital to the best interest of the Craft will be brought before the session.

Luke warm Masons, if there are such, are as much a curse to masonry as lukewarm church members are a curse to the church. It would be better if they were cold, frozen, than to be lukewarm; but the ideal and most enjoyable condition is to be hot. Be one or the other, cold or hot, rather than lukewarm.

A real Mason is a man that is clean inside and out; who neither looks up to the rich, nor down at the poor; who can lose without squealing, and who can win without bragging; who is considerate of women and children and old people; who is too brave to lie.

#### COLORED MAN RECIEVES HIGH-EST DECORATION OF WAR.

(By the Associated Negro Press.) Boston, July 10.—Clarence R. Van Allen, corporal of Company L, 372 Infantry Regiment, who put a German machine gun out of action single-handed, killing four of its crew and capturing three others, one of the bravest exploits of the war, was decorated today with the Medal of Honor. The highest honor France confers on an enlisted man. Officers of the Northeastern Department, who turned out in a body to honor the man, who was formerly a waiter here, said they believed he was the first American soldier to receive the decoration. His valor is a distinction for the entire race.

The new preparation for corns which Dr. Wilson advertises in this paper has been tried and found to answer to the satisfaction of many users all he claims for it. It is different from other advertised corn remedies in that it keeps the corns and callouses from coming back after being removed, something the other corn remedies do not do. It also removes the pain from corns and bunions. We therefore suggest that you make a trial of this preparation at the small sum of 25 and 50 cents.

Mrs. Cella Brosfield of 3013 Wyandotte St., and Miss Louisa Lewis of 3015 Wyandotte left Sunday morning July 6th for a two weeks' visit in Chicago, Ill., these guests of Mrs. Cleo Columbus Fight, the daughter of Mrs. Brosfield.

#### NEWSIES PICNIC.

Did the Newsies of the Kansas City Sun enjoy their picnic last Saturday? If you think they didn't, just ask anyone of the forty-two persons in attendance and they'll tell you it was the greatest ever. They all went to Swope Park on a Special Car, ordered by the Editor, and were brought back at 7:00 o'clock after eating and enjoying themselves to the fullest extent with pony riding, baseball, foot races and scouting. Four of the greatest hours as one lad expressed it, he had ever enjoyed in his whole life. They left the office of the Sun at 2:30 led by Mr. J. W. Holbert and wife and Mr. Jas. A. Lee and wife with Master Gillespie Plummer carrying the American Flag and after the boys and girls came the Editor's wife and her sister, Mrs. Hazel Bass of Topeka, and daughter, Miss Irene Smith and Mrs. Mildred Mott who chaperoned the little girls of the party, then Mrs. Julia Houston and Miss Juaneba Webb with Mrs. Willie Glenn Peebles, manager of the Sun, and Mrs. Bessie Bell, one of our efficient stenographers came later bringing another bunch of children. It was one of the most delightful days that the Editor ever experienced and already the Sun force is laying plans for a greater and larger picnic before the fall season sets in for its little men and women who are to be the future merchants and mistresses of the race and upon whom at no distant day the mantle of responsibility must fall. There was ice cream until they couldn't eat, cake galore, ham, chicken, tongue sandwiches until the youngsters cried "enough" and ten gallons of lemonade was drunk during the afternoon and not a one of the youngsters complained of being ill. Did they have a good time? Well, I'll say they did.

The death of Prof. John H. Jackson at Columbia, O., a few days ago removed from the stage of action one of the most scholarly and dignified educators the race has yet produced. The Sun says McDuffie is in a class to himself. If you don't believe it, go hear him.

#### Howard University Refused Funds

(By the Associated Negro Press.)

Washington, D. C., July 10.—On a point of order raised by Representative Ragdale of South Carolina, the appropriations for the support of Howard University, this city, carried in the sundry bill, were stricken from the bill in the House today. Mr. Ragdale contended that there is no legislation authorizing the appropriation.

Chairman Good admitted that there is no legislation authorizing the appropriation, but urged Mr. Ragdale to let the item stand as appropriations had been carried in the bill for many years. He added that there is much charity in the bill.

"That does not make it right," said Mr. Ragdale. "I make the point of order that it is not carried legally." The point was sustained against the items, aggregating the total of \$80,250 and they were stricken out.

Chairman Good said that the appropriation for Howard University has frequently been stricken out in the House and restored in the Senate, the conferees finally retaining it. The same course will be followed in this instance, he indicated.

Scott is a beautiful city and full of fine people.

#### HOPE.

(By the Associated Negro Press.) It has been said with excellent reason that too many of our newspapers have too little of hope and encouragement in them. One has expressed it: "When you finish reading a Race newspaper, you either feel as blue as indigo or fighting mad."

As a matter of fact, there is much of hope and cheer to be found in the developments of the times. These facts should be brought out for the benefit of the young people particularly. Inspiration is necessary for progress. New opportunities and new achievements are a part of the daily news of the land. The people wish to know about these things.

The people wish to have a good smile, or a laugh once in a while. The times are serious, but that does not mean that there should not be moments for relaxation, and that the some real happy things may not be found in our newspapers.
